**INSTRUCTIONS:**

1. Check all the pieces for correct placement. Use the illustration as a guide for piece placement.
2. Sand each piece smoothly, removing any jagged edges or saw marks. Round off edges and ends except the surface to be glued.
3. Glue cabin (a) onto the hull (b) as shown. Cabin should have the hole facing up.
4. Run the mast (c) through holes in the booms (d) and glue into place. Allow to dry.
5. Cut and glue main sail to mast and booms.
6. Glue the mast into the hole of the cabin. Nail staple to bow of boat (front). Tie string to mast and secure with a staple. Cut and glue small sail to string.
7. Glue rudder (e) to hull (b) as shown.
8. Give final sanding and finish as desired.

CR106 Wooden Model Sailboat

**INSTRUCTIONS:**

1. Check all the pieces for correct placement. Use the illustration as a guide for piece placement.
2. Sand each piece smoothly, removing any jagged edges or saw marks. Round off edges and ends except the surface to be glued.
3. Assemble and glue the cab and bed. To assemble the cab, glue the 2 cab sides (C) to the cab bottom (D) and glue onto the roof (E). Glue assembled cab to hood (B). To assemble the bed, glue the bed sides (F) onto the bed bottom (G). When dry, glue the assembled cab, hood and bed to the base (A).
4. Nail the wheels to the axles (H). Glue axles to bottom of base as shown.
5. Glue headlights to the front of the hood.
6. Give final sanding and finish as desired.

CR107 Wooden Model Pick Up Truck

**INSTRUCTIONS:**

1. Check all the pieces for correct placement. Use the illustration as a guide for piece placement.
2. Sand each piece smoothly, removing any jagged edges or saw marks. Round off edges and ends except the surface to be glued.
3. Glue air foil assembly (b) together. Glue to back of body (a).
4. Glue the cabin (c) to the middle of the body.
5. Attach the wheels to the body with nails.
6. Give final sanding and finish as desired.

CR108 Wooden Model Race Car

**INSTRUCTIONS:**

1. Check all the pieces for correct placement. Use the illustration as a guide for piece placement.
2. Sand each piece smoothly, removing any jagged edges or saw marks. Round off edges and ends except the surface to be glued.
3. Nail birdhouse wall sides (b) to front wall (a) and back wall (e). Use two nails at each end.
4. Center and nail two roof pieces (c) to front and back walls. Overlap roof pieces at the top as shown.
5. Nail perch (d) to bottom of birdhouse. Perch should be flush with back wall so perch extends out from the front as shown.
6. Nail two staples in roof for hanger.
7. Give final sanding and finish as desired.

CR109 Wooden Model Bird House

**INSTRUCTIONS:**

1. Check all the pieces for correct placement. Use the illustration as a guide for piece placement.
2. Sand each piece smoothly, removing any jagged edges or saw marks. Round off edges and ends except the surface to be glued.
3. Center and glue body (a) to middle of baseboard (b). Glue the fenders (c) from rear upper corner to the base. Repeat for the front. Let dry.
4. To assemble the cabin, glue the front and back seat separator (d) onto the roof (e). Glue the front windshield posts (f) at each corner of the roof.
5. Glue the assembled cabin onto the body.
6. Glue headlights to front of body.
7. Nail two spare tires just ahead of the cabin and above the fender.
8. Nail four wheels next to the fenders.
9. Give final sanding and finish as desired.
